SUMMIT
PROGRAMME

Day 1, 10th January Thursday
Karadeniz Hall

12:30 - 13:30

Lunch (Interexpo Hall)

13:30 - 14:00

Registration

14:00 - 14:30

Opening Speech

İlhan ERSÖZLÜ, Assistant General Manager,
Responsible for Project Management, TÜYAP Tüm Fuarçılık Yapım A.Ş.
Prof. Dr. Erdem AYKAS, Head of Department,
Department of Agricultural Machinery, Faculty of Agriculture, Ege University
Cahit TEKBAŞ, Chairman of the Board, TARMAKBİR

14:30 - 15:30

Session 1: “Technological Advancements In Agricultural
Machinery And Future Scenarios”

Moderator: Dr. Mesut GÖLBAŞI, International Agricultural Training Center,
The Ministry of Food, Agriculture and Husbandry, TURKEY

Gerd WIESENDORFER, Specialist, VDMA Market Analysis,
Statistics Department of Agricultural Machinery, GERMANY
(Development of the Agricultural Machinery Markets 2013)

Ass. Prof. Takashi KATAOKA, Academic Member, Hokkaido University, JAPAN
(Introduction of Autonomous Agricultural Vehicles Development in Japan)

Prof. Dr. Ediz ULUSOY, Chairman of the Board,
Association of Agricultural Machinery, TURKEY
(New Rules of Globalization and Agricultural Machinery Sector)

15:30 - 15:45

Discussion

15:45 - 16:15

Break

16:15 - 17:15

Session 2: “Agricultural Mechanization In Turkey”

Moderator: Prof. Dr. Ediz ULUSOY, Chairman of the Board,
Association of Agricultural Machinery, TURKEY

M.Selami İLERİ, Secretary General, TARMAKBİR, TURKEY
(Country Report of Turkey “Agricultural Machinery Market in Turkey and Target Markets”)

Prof. Dr. Erdem AYKAS, Head of Department, Department of Agricultural Machinery,
Faculty of Agriculture, Ege University, TURKEY
(The Level of Agricultural Mechanization in Turkey and University-Industry Cooperation)

17:15 - 17:45

Discussion

17:45 - 19:00

Cocktail (Karadeniz Hall)

19:00 - 23:00

Gala Dinner (Interexpo Hall)

Our guests EGE 2 Hall to rest during the fair.

Day 2, 11th January Friday
Karadeniz Hall

Session 3: “Sustainability, Energy and
Safety In Agricultural Machinery”

Moderator: Prof. Dr. Hamdi BİLGİN, Academic Member, Department of
Agricultural Machinery, Faculty of Agriculture, Ege University, TURKEY

Ass. Prof. Dr. Songül GÜRSOY, Academic Member, Department of
Agricultural Machinery, Faculty of Agriculture, Dicle University, TURKEY
(The Important of Crop Residues Management for Sustainable Agricultural)

Kazuaki HIRASAWA, Researcher,
Yanmar Co. Ltd. Research & Development Center, JAPAN
(Relationship Between Required Torque and PTO Speed in Rotary Tiller)

Prof. Dr. Mohammad Hossein RAOUFAT, Academic Member,
Eghlid Branch, Islamic Azad University, IRAN
(Safety Concerns of Drivers of Agricultural Tractors, Thresholds and
State of the Art Technologies)

Discussion

Break

Session 4: “Finance In Agricultural Machinery”

Moderator: Prof. Dr. R. Cengiz AKDENİZ, Academic Member, Department of
Agricultural Machinery, Faculty of Agriculture, Ege University, TURKEY

Dirk FELSKE, Team Leader,
Technical Assistance Project, EBRD Turkey Lending Programs, TURKEY
(Financing of the Agriculture)

Ahmet Zahir ERKAN, Head of Department, The General Directorate of
Agrarian Reform, The Ministry of Food, Agriculture and Husbandry, TURKEY
(Government Supporting in Agriculture in TURKEY)

Prof. Dr. Fikret DEMİR, Head of Department, Department of
Agricultural Machinery, Faculty of Agriculture, Selçuk University, TURKEY
(Related Applications of Test Reports) Issues to be Considered in Grant
Support of Agricultural Machinery and Respective Applications of Test Reports)

Discussion

Closing Speech

Cahit TEKBAŞ, Chairman of the Board, TARMAKBİR

Lunch (Interexpo Hall)

End of the Summit

SUMMIT
PROGRAMME

09:00 - 10:30

10:30 - 10:45

10:45 - 11:00

11:00 - 12:30

12:30 - 12:45

12:45 - 13:00

13:00 - 14:00

14:00

INFORMATION ABOUT THE SUMMIT

Being able to provide the increasing food demand of the increasing World's population with non-growing agricultural land is one of the biggest problems of the new century. With this scenario in which the sizes of land don't increase, instead decrease, the water supplies are increasingly consumed away; the only predicted solution of the agriculture is the increasing yield. The ways to improve the yield are developing more efficient and durable varieties and the mechanization applications that allow saving labor, time and production cost.

The only solution of increasing World's population and the farmers whose demands are continuously increasing is taking part of the mechanization equipment, which is designed by developing technologies in agricultural sector.

This summit will be organized simultaneously with "Agro Eurasia 2013 Fair", which will be organized on January 09-12th, 2013 in TÜYAP Fair Convention and Congress Center, Istanbul by TÜYAP Fairs and Exhibitions Organization Inc. and TARMAKBİR.

Total 198 people from 22 countries, 91 of which are international attendants, followed the 1st Summit, which was held on December 16-17 th 2011.

With this summit that will be held in Turkey which is the leader country of Eurasia, it is aimed to evaluate the mechanization level of the countries especially in Afro-Eurasia, but also in the world, to provide information exchange on the new technologies developed or still developing, to determine the situation of agricultural mechanization market in the attendant countries, to handle co-operation opportunities between countries in technological and commercial aspects, to evaluate the creation of future scenarios on agriculture on world-scale by the contribution of attendant countries.
